RoHS2/ WEEE
Material Declaration

RoHS2/WEEE

The European Union's RoHS Directive (Directive 2011/65/EU) is related to the regulation of hazardous substances in electrical and electronic equipment. The European Union's WEEE Directive (Directive 2002/96/EC) is related to the collection, treatment, recycling, and recovery of, electrical and electronic equipment.

The Lee Company EFS Division conducted a RoHS compliance inquiry with our suppliers. Based on this inquiry process, The Lee Company, Electro-Fluidic Systems Division product(s) are free of hazardous materials as defined by the requirements of **EC Directive 2011/65/EU**, The Restriction of use of Certain Hazardous Substances in Electrical and Electronic Equipment (**RoHS2**), EC Directive 2002/96/EC, Waste Electrical and Electronic Equipment (**WEEE**).

This declaration does not apply to customer-specified non-compliant components and processes.

This declaration is applicable to all The Lee Company, EFS Division Products.

As we continue to perform our due diligence with material compliance inquiries with our suppliers, if we subsequently discover otherwise, we will inform affected customers.

Signed: 

Patrick J. Ouellette
Quality Assurance Manager
