Response to Request for Quality System Self Evaluation or Self-Assessment

Dear Valued Customer,

You are receiving this letter in response to your request for completion of a Quality System Self Evaluation or a Supplier Self-Assessment. We highly value your business and understand customer's needs for suppliers to provide the type of information contained in these documents. Due to our large customer base and volume of these requests we are unable to complete these documents for all customers.

In an effort to accommodate your survey requirements please accept the attached information sheet that includes general information about the Industrial Microhydraulics (IMH) Group of The Lee Company. This information, in conjunction with the IMH Group Quality Manual, provides the information typically contained in Self Evaluations and Self Assessments.

The IMH Group is Certified IATF 16949. A link to our IATF 16949 certificate, our Quality Manual, and other related documents may be found on our website [Quality Policy for Industrial MicroHydraulics | The Lee Co.](#)
